

- The frequency of absence requested and the likely impact on the child's education and progress
- The child's attendance record

Where a child is paid for their performance, a licence must be obtained from the LA, and absences will be monitored to ensure that they comply with the permissions given in the licence. Any concerns will be communicated to the SAW.

Monitoring and Support of Attendance

Where concerns arise, the Executive Headteacher or Deputy Headteacher, will liaise closely with the assigned School Attendance Worker (SAW). The Deputy Headteacher and SAW will undertake a half termly attendance audit, identifying and considering pupils with less than 90% attendance for the most recent term and/or the school year to date. Where concerns arise, the parents/guardians will be invited to discuss these with the SAW at school. The SAW's RAG rated letters monitor the impact of meetings and allow escalation of enforcing attendance by the LA to happen. LA Fast Track processes are a last resort and are implemented by the LA.

The Law

Amendments have been made to the 2006 regulations in the Education (Pupil Registration) (England) (Amendment) Regulations 2013. These amendments came into force on 1st September 2013.

Amendments remove previous references to family holiday and extended leave as well as the statutory threshold of ten school days. The amendments also reduce time-scales for paying a penalty notice from 28 days to 21 days. Our attendance policy has been amended to reflect the changes to the 2013 law.

Why is regular attendance so vital?

There is a clear link between poor attendance at school and low achievement. Therefore, in order for children to achieve well academically they need to be in school.

We are keen for the children at Livingstone Road Primary Federation to have the best possible life chances, so we will do all that we can to encourage attendance of 95% and above.

Thank you for your support in valuing your child's education, well-being and progress at school.

Livingstone Road Primary Federation Attendance Information

Attendance Policy

Punctuality and good attendance are crucial to the success of our pupils and to the smooth running and organisation of the school, for the benefit of all. In law, parents are primarily responsible for ensuring that their children attend school and are punctual. It is the responsibility of the school to support and encourage full attendance and to take seriously problems which may lead to non-attendance. Our policy is to:

- Emphasise the positive reasons for full attendance
- Recognise and acknowledge good attendance, including attendance achieved in very difficult circumstances (e.g. chronic illness)
- Identify and act upon difficulties at the earliest stage, working closely with parents or carers
- Avoid acrimony and disappointment in connection with requests for absence, through clarity and consistency

The school greatly appreciates the steps taken by families to secure good attendance, and the willingness of parents to share information about circumstances which may give rise to difficulties.

Attendance of 96% and above is celebrated each half term and 100% attendance is celebrated with children at termly intervals in Celebration Assembly and also the end of the school year.

First Day Contact and Notification on Return.

Parents must inform school on the first day of their child's absence. Parents will be informed of their responsibility to inform the school of reasons for absence on the first day of any absence.

At Livingstone Road Primary Federation, administrative staff will contact parents on any day a registered pupil is absent without explanation. This will be by telephone and/or text. Parents will be asked to keep the office informed of current daily contact numbers. If contact cannot be made, a message will be left and a letter will be sent on day three of non-contact. This requires the Executive Headteacher's signature. Where children are registered as "at risk", Children, Young People and Learning at the LA will be informed of the absence on the first day. On their return to school, parents will be asked to confirm the reason for absence with a letter. If the Executive Headteacher has any cause for concern about the reason for absence, this will remain unauthorised until these have been discussed with the parents and a satisfactory explanation secured. If the school does not accept the reason given, the absence will remain unauthorised. The intention of the legislation is that, for the absence to be authorised, there must have been no reasonable way in which the child could have managed to come to school.

Requests for Authorised Absence

From time to time, parents will wish to request absence from school. The Executive Headteacher has discretionary power under special circumstances, to grant leave of absence. No parent can demand such absence as a right. **Holidays are not considered to be exceptional circumstances and under Government Advice and Guidance from the Borough of Poole we are unable to authorise any holidays in term time. Holidays taken in term time will be subject to a fixed penalty fine.**

A form is available for requests for authorised absence. A form must be returned and authorisation obtained, before any booking is made. Requests made after booking will automatically result in the absence being recorded as unauthorised. Holiday dates for each school year will be advertised to parents before the end of the previous school year to avoid mistakes.

Legislation makes it clear that the burden is on the parent to show why requested absences should be authorised. The Executive Headteacher will consider the following (and may contact the parents to discuss their request in detail):

- The nature and purpose of the absence, and the reason for the request
- The duration of the absence and its likely impact on the education and progress of the child

- The circumstances of the family and the wishes of the parents.
- The distance of any journey involved.
- Whether the absence is seen by the family as a rare event, not to be repeated.
- The attendance record of the child (attendance of less than 90% triggers a meeting) .

Parents will be advised that, while applying the above criteria, the following requests may be considered as reasonable:

- Medical or dental appointments e.g. in hospital clinics, with proof of the appointment
- Family bereavement
- Special family occasions e.g. weddings on school days
- Days of obligatory family religious observance
- Interviews and examinations e.g. in connection with school transfer, musical tuition. The school will expect the child to return to school after the examination.

Where an absence is authorised and families fail to abide by any agreement, additional absences will be unauthorised and future requests refused. Absences taken without consultation will be unauthorised. Absence cannot be authorised retrospectively.

Traveller Children

Section 199 of the Education Act 1993 acknowledges the special position of Traveller Children. The Executive Headteacher will consult the School Attendance Worker if there are concerns.

Off-Site Tuition

Where a child's special educational needs are recognised by the school, and special tuition/therapy not available in school is required, the Executive Headteacher may authorise absence for specific times when such tuition or therapy may be given outside school.

Absence for Performance

The Head of School may grant leave of absence for approved public performances considering the following:

- The nature and purpose of the performance
